

As parents of a student or students at Calvary Episcopal School (CES) and Calvary Episcopal College Preparatory (CECP), YOU are AUTOMATICALLY members of the Calvary Parent Teacher Organization (CPTO). The CPTO offers you, as parents, numerous volunteer opportunities to aid in improving both you and your children's experience at Calvary. By providing "Volunteer Power", the CPTO performs a critical function by allowing the school to keep tuition as low as possible and the quality of our children's education as high as possible. This "Volunteer Power" is an invaluable resource used for fundraising, faculty assistance, community outreach and fellowship between parents, teachers and students. Whether you can contribute one or one thousand hours, we need YOUR help to continue our successful volunteer program.

We hope the information you find on our page will be helpful to new and returning parents.
