Science Made Fun!

Spring 2010 After School Program

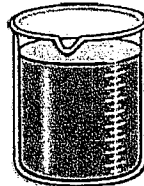

SPACE RACE

Experience a real launch, from rocket assembly to **BLAST OFF!** Take command and throttle the shuttle yourself! Journey through the stars and make glow in the dark space mud.

CHEMICAL COLLISION

Find out how much fun chemistry can be by exploring chromatography. Make your own Silly Putty®, Gummi Bears®, and more as we learn REAL chemistry!

EDIBLE INCREDIBLE

If your hungry, this month is for you! We'll learn about food groups and experiment with proteins, starch, and fat. You'll get to make a yummy yeast pretzel too!

UNDER MY SKIN

Get rough as we discover our sense of touch and learn Braille! Roll up your sleeves and make all kinds of icky stuff as we find out about the systems of the body.

THE ROCKING WORLD

Discover our planets wonderful resources. Explore the sky as we have fun with solar power. Pan for gems and keep what you find!

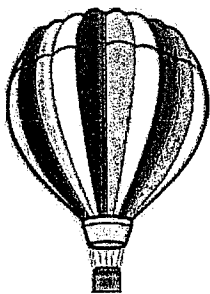

WEATHER OR NOT

Explore all kinds of weather and natural disasters! Take a look at a tornado, make thunder and touch lightening! Erupt your own volcano and more!

ZANY ZOOLOGY

From bugs to dinosaurs, this wacky month looks at all creatures great and small. Explore our amazing underwater world as we dive deep into the ocean. We'll examine fossils, bugs, fish and more!

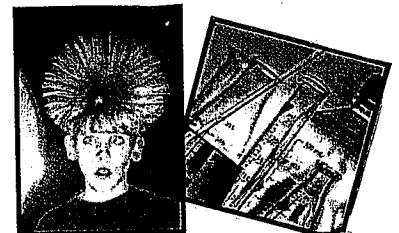

MOTION EXPLOSION

Learn about aerodynamics and what makes things fly! Make a helicopter and learn about lift using blimps and balloons!

INVENTION DIMENSION

It's time to invent something! Use your imagination as we build buildings and more. Explore the amazing world of electricity and take a turn with the hair-raising machine!

Who are we?

HTHT science programs are totally hands-on and participatory for each child. We offer a fast paced, fun after-school program at your school for 60 minutes once per week. Each month will have a different theme, with fun experiment and things to bring home. All new programs this semester!

Classes will be held at Calvary Episcopal School on Monday's from 3:30 - 4:30 pm beginning Monday, January 11 through May 3rd (excluding school holidays). Cost is \$185.00 per semester, made payable to the school.

ArtQuest Spring 2010 After School Programs

ArtQuest

Meet The Masters Join us as we study some of the most famous artists, and their techniques. We will learn about Van Gogh, and make our own version of his "Swirly Landscape". We will meet one the world's most recognized artists, Monet, and create our own lily pond out of tissue paper and paint. We will travel to China, and paint Chinese-style cats like artist Shen Quan. It will be an incredible month of discovery!

Modern Masterpieces

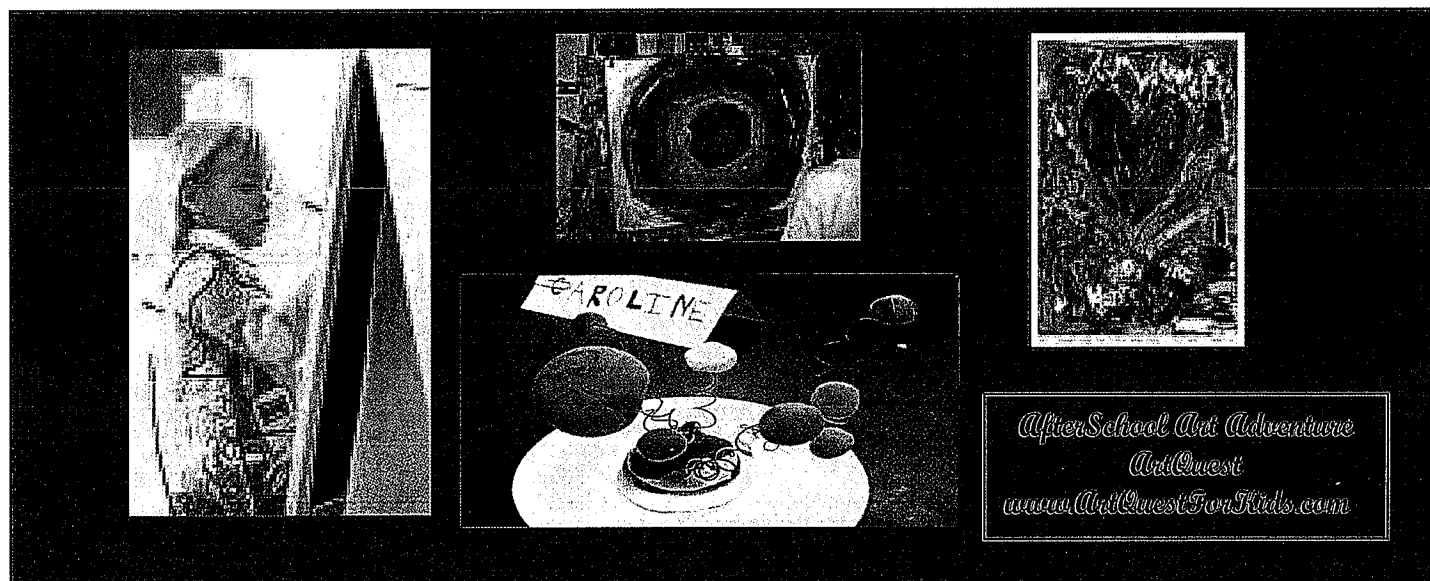

What is modern art? We will discover what makes art modern, and create modern masterpieces. Discover the famous Picasso as we create our own "Faces of Picasso". Students create all kinds of unique, abstract art!

Mighty Mosaics/Crazy Collages Learn about the history of mosaics and collage making. We will design our own mosaics, inspired by Roman mosaic patterns. Be amazed at what you can create using a wide variety of materials and designs! We'll have a blast as we make grout & design mosaic tiles.

Imagine That – We can use our imaginations to invent things. We will explore inventions created by Leonardo DaVinci, a very famous artist, scientist, and inventor. We will look at the art of sculpture, architecture and more!

Faces of Nature - This program is for students to connect to earth and stretch their senses. We will do some exploration of Mother Nature and learn ways to conserve, protect, & honor our earth. Students will make beautiful leaf prints. We will also "Catch a Breeze" and design mobiles while discovering the artist Calder and his amazing works. We will explore art that has been painted on cave walls and textured bark, and create our own nature masterpieces!

After school programs are 60 minutes once per week. Class will be held at Calvary Episcopal School on Thursday's from 3:30-4:30pm beginning Thursday, January 14 and runs to May 6, 2010 (excluding school holidays). Price is \$200.00 for entire semester, payable to the school.
